V. I. SUPPLY PLUS LTD
LUBAN Cabin

STRICT STANDARD

01

Strictly control the selection of materials, construction projects, the service indicators are strictly abide by the industry standards, emergency equipment is complete, perfect measures, so that customers are more at ease, more assured.

STRENGTHEN QUALITY INSPECTION

02

Attach importance to quality, strengthen quality inspection, from product development to landing, every step is concerned about quality control, through a number of quality inspections of products, establish a good reputation.

HIGH AND NEW TECHNOLOGY

03

Company has gathered high-tech talents in product research and development, camp planning and consulting, landscape planning, industrial design, interior design, machining and other fields.

PRODUCT STANDARD

LUBAN·CABIN

PRODUCT INTRODUCTION

V. I. SUPPLY PLUS LTD
LUBAN Cabin

1. WIND PRESSURE CAN REACH 9

The outer doors and windows are not damaged under the action of wind pressure when they are normally closed. The high strength columns, beams, walls and other load-bearing constructions further resist the impact of wind pressure and vibration.

2. ANTI-CORROSION AND ANTI-INSECT

The external aluminum alloy material has great corrosion resistance. The material has been specially treated, with good airtightness, mosquito, insect and termite proof, and the service life is up to 50 years.

3. FIRE AND WATERPROOF

The wall is made of waterproof coil and waterproof material, and the watertight performance can reach level 6 strong wind and rainstorm. The wall is made of high flame retardant sheet to increase the ability of fire and waterproof.

4. THERMAL INSULATION UP TO 8 LEVELS

Warm in winter, cool in summer, comfortable and energy saving, using a variety of materials of the combination wall, forming a thermal insulation structure system, to solve the dual problem of thermal insulation and heat insulation.

5. SOUND INSULATION PERFORMANCE CAN REACH 45 DB

The double glazing and sound insulation materials are used to meet the national standard "Green Building Evaluation Standard" GB50378, aiming to provide a quiet indoor living environment for residents.

6. ANTI-THEFT AND ANTI-FREEZE

Air tightness up to class 8, steel frame, high-strength aluminum hull, reinforced door lock security, guarantee privacy while enjoying the natural beauty of the outside.

BEAUTIFUL RURAL LUXUR

ONE

It is convenient and eco-friendly to dismantle and build, it is the best choice for holding various themed activities, outdoor camping and accommodation activities, outdoor equipment exhibition.

CULTURAL AND TOURISM COMPLEX AND FOREST HEALTH VALLEY

TWO

The capsule house adapt to a variety of terrain environment, and it is convenient for transportation. It provides a more superior choice for the development of cultural tourism and health care industry.

URBAN RENEWAL SPACE AND CITIZEN STATION

THREE

It covers a small area and is practical, and can replace some public facilities in urban construction, such as blood donation point, public toilet, citizen station, etc.

SMART TOURISM SHARING CAMPING SITE

FOUR

It can be used for group building development, travel study research, travel camping to enhance the sense of experience and enjoy the ease of natural intimacy.

ECOLOGICAL RESORT HOTEL

FIVE

The resort hotel introduces the future cabin, which not only absorbs the eye and drains, but also saves time, land area and engineering cost.

EDUCATION, MEDICAL CARE, HEALTH CARE AND OLD-AGE CARE

SIX

In terms of education, medical care and health care for the elderly, it provides convenient stations and intelligent facilities to assist education and medical care, and the design is more humane.
