

V.I. SUPPLY PLUS LTD

Quality and sincerity walks the world

Mother Earth Needs our protection, we all human beings are her protectors.

Email: v.i.supplyplus@gmail.com

Cell: +1 709 219 92 47; +1 709 853 74 25

We understand that packaging is about so much more than just what goes round a product. It's about building brands, protecting reputation, and opening up new opportunities in new markets. That's why we're on hand, around the world, working as long-term partners to our customers as they develop and grow.

We operate in 34 countries with over 17,000 employees globally.

”

We have only one earth, on which we breathe, live and reproduce; however, for the sake of development, we used to ignore the increasingly sick earth and frantically use plastic products that would harm the earth and the environment. Now, with the awakening of people, we have started a long road to save and change. The supply of biodegradable disposable tableware, which is essential for daily use, is our company's effort and mission to protect the earth, and your support for our products is our motivation to keep going.

Join us!

OUR MISSION AND PURPOSE

Strictly practice the concept of environmental protection technology, protect the blue water and blue sky, to protect the earth and benefit future generations with unremitting efforts!

Focus on safe and environmental protective food packaging Research and development, manufacturing and supplies services, and strive to realize the win-win outcome between the environment, customers, enterprises and employees and to create a global well-known brand of safe and eco-friendly food packaging.
